

Section 1- Chapter 1

HUC Assignment

Question: You mention to a friend that you have decided to study health unit coordinating and make this field your career. Your friend is curious. She asks you what a health unit coordinator does and how the position has come about. How would you answer?

Question: Many people do not like change in their jobs and careers. How should you view changes in the field of health unit coordinating, such as the transition to electronic medical records (EMRs) and computer physician order entry (CPOE)?
